The list of Baseline Environmental Assessments (BEA) are locations where a BEA has been submitted to the MDEQ for disclosure or their review and to protect the future (present) owner from liability for any past contamination at the site.

Some of these may be redeveloped already, or have changed owners who are operating new businesses. There really isn't any way for MDEQ to determine the status of these properties, other than by going out and looking at them.

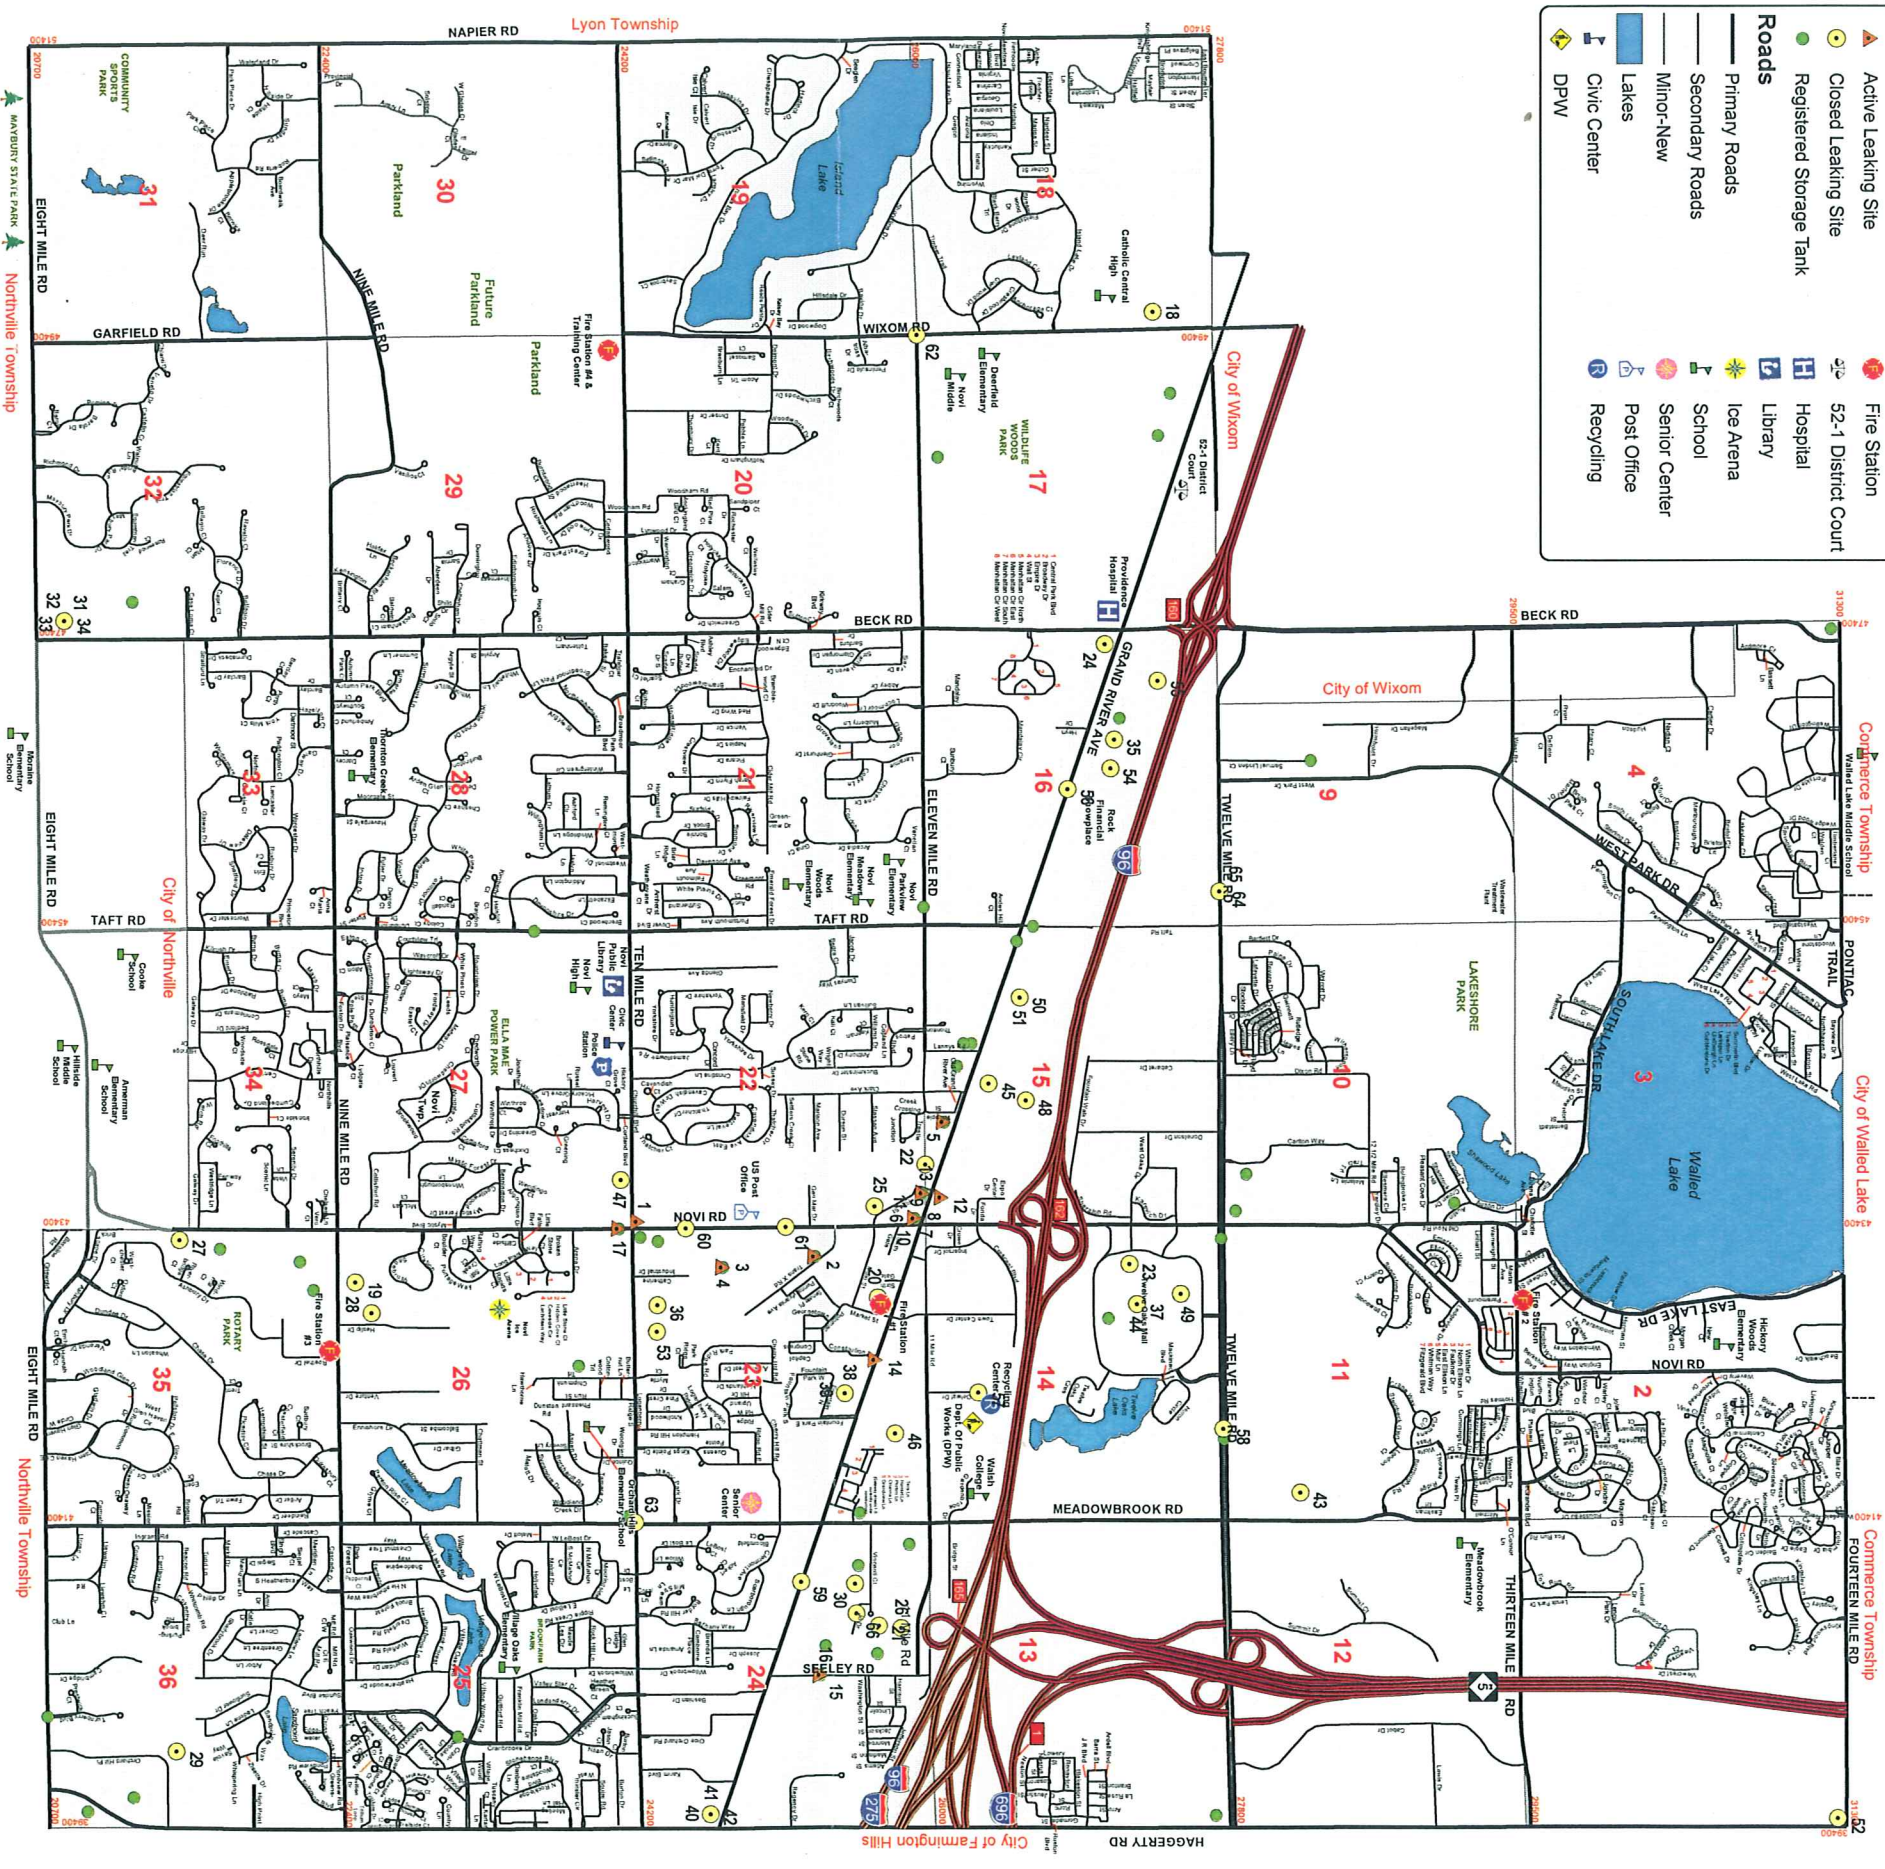

MDEQ 2005 Underground Storage Tank Locations Within the City of Novi, Michigan

Data Provided Through the Oakland County GIS Data Sharing Agreement

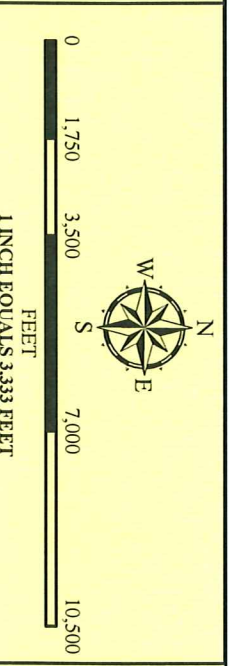

Map Print Date: 5/17/2007

MAP LEGEND

Active Leaking Site	Police Station
