SUBJECT: Approval to purchase hardware (PC's/laptops/printers) and software for the Police Department from vendors authorized under the State of Michigan Master Computing Contract (MMCC) in the amount of $61,701.71.

SUBMITTING DEPARTMENT: Information Technology

CITY MANAGER APPROVAL:

EXPENDITURE REQUIRED	$ 61,701.71
AMOUNT BUDGETED	$ 96,705.00 (Less $ 34,128.68 already expended.)
APPROPRIATION REQUIRED	N/A
LINE ITEM NUMBER	266-266.00-802.00

BACKGROUND INFORMATION:

As part of the 2007-2008 Budget funds were allocated to replace existing PC's, laptops, printers and Microsoft software within the Police Department's facility. The current devices were purchased between 1995 and 2003. Many of the PC's are still using the Windows 98 operating system creating both a support and security issue as recent software releases do not support installation under the Windows 98 platform. Additionally, these devices do not meet the minimum requirements required of our migration to Oakland County's CLEMIS application.

RECOMMENDED ACTION: Approval to purchase hardware (PC's/laptops/printers) and software for the Police Department from vendors authorized under the State of Michigan Master Computing Contract (MMCC) in the amount of $61,701.71.
