Dear Mr. McCusker:

Last October our sub-division submitted a request to have a stop sign placed where Copland dead-ends into Sullivan. Your organization performed a study and found that a stop sign is not currently justified and gave us the option of approaching City Council to qualify why a stop sign is needed or to request that a yield sign be installed instead.

Please consider this letter as our official request for a yield sign to be installed where the originally requested stop sign was to be placed (see drawing below). If in the future we determine that we still want to pursue a stop sign we will, as instructed, approach City Council with the request.

Sincerely,

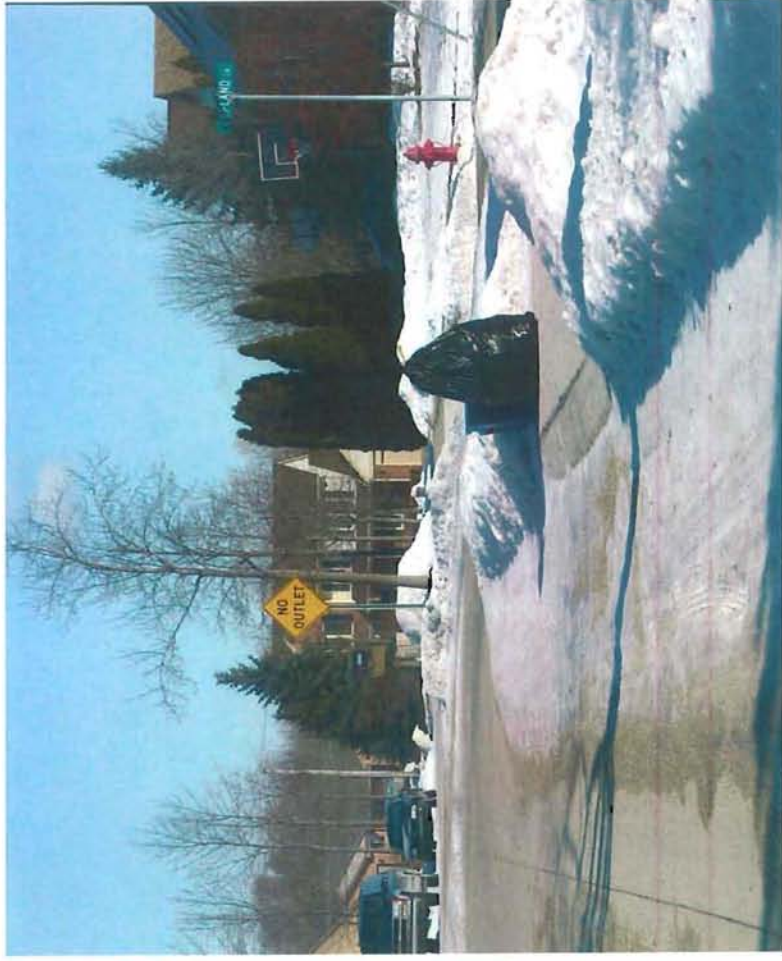

Tim Shroyer
