

CITY of NOVI CITY COUNCIL

**Agenda Item D
December 5, 2011**

SUBJECT: Approval of Traffic Control Order 11-40 requiring the realigned portion of northbound Gen-Mar to yield to the existing east-west portion of Gen-Mar.

SUBMITTING DEPARTMENT: Department of Public Services, Engineering Divisor *BTC*

CITY MANAGER APPROVAL: *[Signature]*

BACKGROUND INFORMATION:

The construction of the new Novi Road bridge over the CSX railroad associated with the reconstruction of Novi Road as a five-lane road between Ten Mile Road and Main Street necessitated the closure of the original intersection of Gen-Mar and Novi Road. The project included the reconstruction of a new portion of Gen-Mar to move the intersection 500 feet to the south. This new portion of Gen-Mar intersects the old portion of Gen-Mar at a T-intersection 250 feet west of Novi Road. The attached excerpt from the project plans illustrates the new intersection created by the recently constructed portion of the realigned Gen-Mar with the pre-existing portion of Gen-Mar.

Traffic control order 11-40 has been issued by the traffic engineer for consideration by City Council for the installation of a yield sign at the new Gen-Mar intersection requiring northbound Gen-Mar (newly constructed road) to yield to the existing east-west portion of Gen-Mar.

RECOMMENDED ACTION: Approval of Traffic Control Order 11-40 requiring the realigned portion of northbound Gen-Mar to yield to the existing east-west portion of Gen-Mar.
