This service is used extensively for those that have difficulty driving and are in need of transportation to anywhere in the City of Novi and a 10 mile radius from the Civic Center. Currently, only rides permitted outside the city limits were for medical appointments but to further enhance the service, on April 6<sup>th</sup>, residents can use to the service to go anywhere in the 10 mile range.

Staff recently applied for a grant through the Providence Community Relations Committee. A response to the grant should be known mid-April and if accepted will offset a portion of the amount of the vehicle.

Senior Transportation is an essential service to the older adults in Novi. This service allows them to continue to live a healthy active lifestyle and freedom to come and go as they wish.
