

Chuck and Mary Beth Mascari
24081 Wintergreen Circle
Novi MI 48374

October 3, 2007

To whom it may concern,

We are writing this to request authorization to begin construction on a sunroom for our deck. Our room will be the exact size of our existing deck, only it will be fully enclosed.

The enclosure will serve many purposes. Beyond all of the personal enjoyment we will get from having a sunroom, we will get some much needed shielding from the western sun, and protection from pesky insects. My children happen to be allergic to mosquito bites and can barely play in our backyard without being bitten, and then subsequently, swelling up. Wintergreen Park Subdivision is also located right next to a large wetland area that contributes heavily to our bug population. Being able to enclose our deck would help us to enjoy our home in Novi even more than we do.

Thank you so much for your time and consideration of our request.
