Hello Janice,

According to DTE Energy (our local electricity provider), we need your written permission to proceed with the transformer upgrade explained below.

Can you review this matter and provide us with a written statement of approval? If you have any questions, please let us know.

Regards,
Grant Pinkos

Subject: Power upgrade for Novi West

Grant,

Due to the new programs and required equipment changes to support them, we require an upgrade to the transformer and switch gear currently in the Novi West building. The current transformer will not support the amount of power we require. In order to move forward with DTE Energy and our equipment supplier, we require approval from the building owner.

Best Regards,

Claire M. Sheldon
