Case No. PZ13-0014 26401 Novi Road (Qdoba Mexlcan Grill)

Location: 26401 Novi Road, Suite A

Zoning District: TC, Town Center District

The applicant is requesting a variance from Section 28-5(3) of the Novi Sign Ordinance to allow a second wall sign of 37.5 square feet for a proposed new restaurant. The property is located west of Novi Road, and north of Grand River Avenue.

Ordinance Sections:

CITY OF NOVI, CODE OF ORDINANCE, Section 28-5(3) permits a single sign to be installed at this restaurant location.

City of Novi Staff Comments:

The applicant is requesting approval for installation of second wall sign for a restaurant business with an outside entrance and within a new retail center. The business is allowed and has been granted approval for a single 37.5 square foot wall sign (max. 65 square feet allowed). The requested second sign on the south elevation would also be 37.5 square feet.

Standards for Granting a Sign Variance

- The request is based upon circumstances or features that are exceptional and unique to the property and do not result from conditions that exist generally in the City or that are self-created because_____.
- The failure to grant relief will unreasonably prevent or limit the use of the property and will result in substantially more than mere inconvenience or inability to attain a higher economic or financial return because_____.
- The grant of relief will not result in a use of structure that is incompatible with or unreasonably interferes with adjacent or surrounding properties, will result in substantial justice being done to both the applicant and adjacent or surrounding properties, and is not inconsistent with the spirit of the ordinance because_____.

RE: QDOBA MEXICAN GRILL – 26401 NOVI ROAD – SUITE A

The sign permit application for the above referenced location has been reviewed and denied.

Sign Code Section 28-5(3) permits only one sign for this property.
A sign permit has previously been approved for this location.

Your application for consideration of a variance from the Zoning Board of Appeals has been received.

Please feel free to contact me at 248-347-0438 if you have any questions.

Re: Qdoba Mexican Grill Wall Signs

A permit has been submitted for a second wall sign at the re-development project at the former Big Boy restaurant for the Qdoba Mexican Grill. Qdoba will be occupying the southern tenant space.

A unique circumstance exists regarding the subject property in that being on the corner justifies the need for signage viewable from both sides. The sign will face the side street adjacent to the tenant space and the front sign toward Novi Road.

The proposed use improvement will aid public safety in providing motorists with additional visual cues to assist in their driving decisions which will reduce driver anxiety. Driver anxiety creates the potential for distractions which results in vehicular/vehicular and vehicular/pedestrian encounters.

Additional visual cues, especially within a development of this nature which lacks sufficient directional and informational way-finding aids, promotes the general welfare in the reduction of public safety services. Better signage (Conspicuous, Visible, Readable, Legible) aids in the appreciation of the value of property.

The proposed use improvement will not be a detriment to public safety and welfare and is consistent with other approved signage along Novi Rd. and Grand River Ave. (e.g.: Famous Dave's, Fifth/Third Bank, Potbelly, Bagger Daves, Biggby Coffee, and Tony Sacco's)

The use improvement will not impair an adequate supply of light and air adjacent to properties because the building is a substantial distance from other buildings.

The proposed use improvement will not unreasonably impair or diminish established property values within the surrounding area or impair the intent or the purpose of the ordinance. The sign will not exceed the square footage of previously approved signage on the said building and will be consistent to the east elevations.

Additionally the signage is consistent with the intent of the sign ordinance:

The standards are designed to promote the health, public safety, and welfare of persons within the community, including the promotion of traffic safety and aesthetics, and to aid in development and promotion of business and industry by providing sign regulations that encourage creativity, effectiveness, and flexibility in design and use of such devices

without creating detriment to the general public.

(a) Encourage good design in the context of the overall image and visual environment of the city, and prescribe sound practices with respect to size, spacing, illumination, type and placement of signs for the purpose of safeguarding and enhancing properties in each of the various types of zoning districts.

(b) Enhance the appearance of the business community, taking into account the nature of the use, and thus stimulate as well as protect the economic vitality of the city and the orderly growth and development of business and industry in the city.

(c) Provide for signage that is adequate but not excessive and that displays a message through use of pictures, symbols and logos for rapid comprehension by the public

k) Preserve property values.

(l) Recognize that advertising signs are a legitimate advertising medium in the locations which neither lessen the visual attributes of the city through the placement of such signs, nor cause confusion, safety problems or lessen the ability to identify local businesses through visual clutter.

(m) Regulate the number and size of advertising signs within the city in the interests of economic prosperity, civic pride, quality of life and general welfare of the people who reside in, are visiting, are employed in or conduct business in the city.

Respectfully submitted.
