BACKGROUND INFORMATION:

This project is a combination of two separate line items in the Capital Improvement Plan: 1) Civic Center Parking Lot Improvements and 2) Power Park Pathway Rehabilitation.

Improvements to the north Civic Center Parking Lot was recommended by the Parking Lot Inventory and Maintenance Plan completed in January 2014. Improvements will include pavement replacement in areas that show significant deterioration, and crack repair and patching in other areas.

In Power Park, there is approximately 1,500 feet of asphalt pathway showing varying levels of deterioration. The majority of the improvements to the paths between the baseball fields will involve isolated crack repairs. The pathways along the perimeter of the fields are in much poorer condition and will receive an asphalt overlay, with some areas being reconstructed as necessary. Drainage improvements will also be completed in a few areas.

One bid was received and opened on April 29, 2015 following a public bid solicitation period. The bidder is Nagle Paving Company. Nagle's bid is recommended as being in the best interest of the City as it is responsive (i.e., Nagle has complied with all requirements of the bidding instructions). (URS' award recommendation letter including the bid tabulation dated April 30, 2015 is attached). A summary of the one bid received is as follows:

Contractor	Bid Price (including Crew Days)*
Nagle Paving Company	\$103,686.00

* Crew Days are included to compare bids, but are not included in the award.

Although only one bid was received, staff can recommend award based on the comparison with the engineer estimate prepared at the time of bid advertisement. The overall project (less crew days) is under the Engineer's Estimate (attached).

The bid received by the contractor exceeded the amount budgeted for the projects, therefore a budget amendment is required. The budget for the Civic Center Parking Lot project assumed a small amount of reconstruction; however the pavement has deteriorated more than originally anticipated and requires more work. The scope of work at Power Park was expanded since the original budget was established to address some additional areas requiring rehabilitation. Additionally, asphalt prices have increased more than anticipated in the budget, which affected the bid prices for both projects. The budget amendment will add funds to the project for construction, construction engineering (proposed for award elsewhere on this agenda), and material testing (to be awarded administratively). The additional funds are being allocated from the General Fund for Civic Center Parking Lot from lower insurance expenses than originally budgeted for the Department of Public Services, from the Fund Balance in the Drain Fund for drainage improvement to Power Park, and from the Parks & Recreation Fund for the Power Park Pathway rehabilitation from unbudgeted revenue. The following table summarizes the proposed budget amendment:

Budget Line Item	Description	Amount
101-442.10-971.100	Civic Center Parking Lot	\$16,000
101-442.10-716.000	Insurance (Engineering)	(\$5,000)
101-442.20-716.000	Insurance (Field Operations)	(\$11,000)
		\$0
210-211.00-865.294	Power Park Drainage Improvements	\$6,945
	Drain Fund-Fund Balance	\$6,945
208-691.00-974.096	Power Park Pathways	\$19,000
208-000.00-502.100	Unbudgeted Revenue	\$19,000
		\$0

It is anticipated that this project will be completed by summer 2015.

RECOMMENDED ACTION: Approval to award a construction contract for the Civic Center Parking Lot and Power Park Pathways Rehabilitation project to Nagle Paving Company, the low bidder, in the amount of \$96,006, subject to final review and approval of form of agreement by City Manager's office and the City Attorney, and approval of an additional appropriation in the amount of \$41,945 for these budget line items.

Civic Center Parking Lot and Power Park Pathways Rehabilitation Project
URS Project Number 12944782

Dear Mr. Croy:

Attached is the Bid Tabulation for the above referenced project. One (1) bid was received and opened.

There were no arithmetic errors or irregularities were noted in the bid.

We have worked previously with the low bidder, Nagle Paving Company. They have performed well on similar projects. The bonding company listed in their statement of qualifications has A.M. Best Key rating of "A", which exceeds the minimum requirements.

Four qualified bidders purchased contract documents, though only one bid was submitted. The bid is 3.6% over the Engineers Estimate.

We therefore recommend award of the contract to Nagle Paving Company for the Bid Amount, excluding crew day costs, of \$96,006.00.

Please feel free to contact me if you need anything else or wish to discuss the project.

Sincerely,
URS Corporation Great Lakes
